## URGENT: Mayor Briefing - City Environmental State

**Current AQI:** 394.63 (Emergency)

**Daily Carbon Load:** 676.0 Tons

### Primary Root Causes:

- Traffic contribution: 59.1%
- Industrial contribution: 29.2%
- Meteorological impact: 3.6%

### Policy Recommendations:

1. Immediate restriction of heavy vehicle entry in Central Business District.
2. Activation of 'Zone-Alpha' emergency street misting protocols.
3. Mandatory work-from-home advisory for non-essential industrial staff.
4. Public health broadcast for Tier-3 risk zones.
